Introduction

Qualification objective

Trinity's ESOL Skills for Life qualifications are assessments of speaking, listening, reading and writing, designed to meet the needs of learners who have chosen to make a life in the UK, and for whom English is a second or additional language. They contain strong elements of task-based assessment covering a range of skills needed to settle in the country and get by on a day-to-day basis.

These include:

- ▮ functional tasks such as reading and writing authentic correspondence with banks and other institutions, as well as genuine spoken interaction with an external examiner to help learners make the most of their lives in the UK
- ▮ work-related tasks to help job seekers
- ▮ academic tasks to aid progression to GCSE, Functional Skills or other academic paths.

The qualifications are based on the National Standards for Adult Literacy and are closely aligned to the Adult ESOL Core Curriculum.

About this booklet

This booklet contains precise details of the three award level qualifications making up Trinity's Entry 3 Certificate in ESOL Skills for Life. It also provides candidates and those preparing candidates with comprehensive coverage of the language requirements for this level and details of how each task relates to the Adult ESOL Core Curriculum descriptors and individual component skills, knowledge and understanding.

Additional guidance and support

Please see the Trinity website trinitycollege.com for additional support materials including sample candidate answers and videos. The Centre Best Practice Guidebook contains administrative and regulatory information. You can also contact your co-ordinator at any time to arrange a support visit.

Notes on the Regulated Qualifications Framework

ESOL Skills for Life qualifications have moved from the Qualifications and Credit Framework (QCF) to the Regulated Qualifications Framework (RQF). Qualifications are still based on the units which are shared with several awarding organisations. Total qualification time (TQT) and guided learning hours (GLH) are assigned to each unit as a guide for users of the qualifications.

Duration of study (Total qualification time)

All regulated qualifications are assigned a total qualification time. Total qualification time is an estimate of the average time a candidate spends with a teacher (guided learning hours) added to the average time spent learning independently. The amount of time needed to commit to a qualification varies from learner to learner, and depends on the individual's prior experience and learning.

Reasonable adjustments

Learners with particular needs can apply to Trinity for reasonable adjustments to be made to their exam. Trinity has agreed to adhere to the same reasonable adjustments as the awarding organisations who share these units. Please refer to the Centre Best Practice Guidebook and the Trinity website trinitycollege.com for more information on access arrangements and our Disabled Learners Policy.

Entry requirements

There is no requirement for evidence of formal qualifications for entry to these awards and certificates.

Qualification structure and rules of combination

The full suite of Trinity College London ESOL Skills for Life qualifications is listed on page 6. Trinity offers individual awards in ESOL Skills for Life – Speaking and Listening, ESOL Skills for Life – Reading and ESOL Skills for Life – Writing, and overarching certificates in ESOL Skills for Life. Learners can achieve an overarching certificate by achieving three awards at that level. These specifications apply to the Entry 3 qualifications highlighted on page 6.

Candidate profile

The unit and assessment map to the National Literacy Standards for Speaking and Listening, and closely reflect the Adult ESOL Core Curriculum.

At this level, adults can:

- ▶ listen and respond to spoken language, including straightforward information and narratives, and follow straightforward explanations and instructions, both face-to-face and on the telephone
- ▶ speak to communicate information, feelings and opinions on familiar topics, using appropriate formality, both face-to-face and on the telephone

Learning outcomes The learner will	Assessment criteria The learner can
1. Be able to obtain information from verbal communication	1. Obtain information and relevant supporting detail
2. Be able to speak English to communicate	2.1 Use clear pronunciation to convey intended meaning
	2.2 Use appropriate language in context according to formality
3. Be able to convey information	3.1 Present information using an appropriate structure for a given purpose
	3.2 Provide a verbal account of relevant information for a given audience
4. Be able to engage in discussion with others	4.1 Contribute constructively to discussion on straightforward topics
	4.2 Express views constructively during verbal communication on straightforward topics
	4.3 Plan action with others for a given task
	4.4 Obtain relevant information from others

Format

The exam consists of two components:

- ▶ Component 1 – an eight minute one-to-one conversation with a Trinity examiner
- ▶ Component 2 – an eight minute discussion with three candidates, facilitated by a Trinity examiner.

Component 1 consists of three tasks:

- ▶ Task 1 – Candidate answers questions about their own photo or object which represents a specific experience in the past
- ▶ Task 2 – Candidate asks questions to obtain information about a choice the examiner has to make and demonstrates listening skills by making appropriate comments and suggestions
- ▶ Task 3 – Candidate exchanges information with the examiner in a role play in which they plan a solution to a problem or issue.

Component 2 (group discussion) consists of one task:

- ▶ Task 4 – Three candidates work together to discuss and plan an event, making constructive contributions to the discussion, expressing views constructively and planning action with others.

Procedure

The exam is conducted using language appropriate to the level. Please see appendices 1 and 2 for the language and functions of Entry 3.

One-to-one conversation with examiner (8 minutes)

Task 1 (3 minutes)

The exam begins with greetings and the examiner using straightforward instructions such as *'do come in', 'take a seat', 'please could I see your marksheet/ID?'*

The candidate should bring in a photo or object representing a specific experience in the past. This should enable the candidate to demonstrate their ability to use a range of structures to talk about the past, eg *used to*, past continuous, present perfect, and sequence markers. The examiner will ask questions about the experience.

Examples include (but are not restricted to):

- ▶ an object from their place of work to help them explain a period of training they have been through
- ▶ a photo of a special occasion they celebrated
- ▶ a picture of an activity they have participated in, eg skiing
- ▶ a souvenir from a trip they will always remember.

Task 2 (2 minutes)

The candidate is told that the examiner has to make a choice between two jobs, courses of study, places to visit or places to live. The candidate asks questions to find out more information, making appropriate comments to demonstrate their listening abilities and offering advice. This task provides the candidate with the opportunity to express possibility and probability in the future, compare, give advice, state preferences and use a range of modals.

Task 3 (3 minutes)

This task will be a role play. The candidate has an issue which needs resolving in an everyday situation, such as college, a shop, the workplace or government offices. The candidate and examiner work together to evaluate options and find a solution.

After three candidates have participated in their one-to-one exam, they are put together for their group discussion.

Group discussion (up to 8 minutes)

Task 4 (up to 8 minutes)

Three candidates discuss a topic given to them by the examiner. Candidates are not informed of the exact discussion topic in advance but will be asked to plan an event in a social, work or study-related context. The discussion at this level must include contributing constructively to discussion, expressing views constructively and planning action with others. The examiner will guide the conversation appropriately to ensure the candidates have the opportunity to meet these assessment criteria.

Assessment

The test is externally assessed by a visiting Trinity examiner. Examiners use an abridged form of the assessment criteria amplification (see appendix 4 for the concise amplification) in combination with the generic performance descriptors on pages 15-16 to make their assessments. The amplification specifies what is required to achieve at that level, and the examiner measures the performance of the candidate against the descriptors. For example, the amplification for assessment criterion 2.2 – *Use appropriate language in context according to formality* includes *'use with some accuracy Entry 3 grammatical forms and collocation'*. The examiner applies the generic performance descriptors relevant to that learning outcome such as *'able to get their message across clearly and without support using a wide range of language...of the level'* (4 marks), or *'evidence of an attempt to meet the assessment criterion using language of the level, but this is not successful, even with support'* (1 mark), awarding 0 to 4 marks as appropriate to the performance.

Examiners record marks on an examination report as shown in appendix 3, and a composite marksheet. In each task, a mark is awarded out of 4 for the assessment criteria listed. The total maximum possible number of marks is 44, and the pass mark is 29.

The table below shows which assessment criteria are assessed during each task.

Generic performance descriptors

These descriptors are used by the examiner to decide on which mark to award for each assessment criterion. Please note that these performance descriptors are generic to all levels of assessment. Candidates are expected to use a range of language examples as relevant to the task, so not all of the points in the assessment criteria amplification or key language items will be expected in each task.

Learning outcome 1 – Obtain information from verbal communication

Mark	Descriptor
4	The candidate easily obtains all of the information provided by the examiner, making relevant comments, asking relevant questions and making appropriate non-verbal gestures to demonstrate that they have understood the whole conversation. They require no additional support.
3	The candidate copes reasonably well with the listening aspect of the exam, needing occasional support in places to obtain all of the information provided by the examiner at the level. They provide evidence through questions, comments and body language that they have understood most of the conversation.
2	The candidate copes with the listening aspect of the exam to the minimum extent needed to get by. The candidate needs support but provides enough evidence through various responses to demonstrate that they have understood at least half of the conversation. The main communicative purpose of the conversation is achieved.
1	The candidate displays some listening ability of the level but is not able to demonstrate their ability to obtain information from the examiner even with extensive support.
0	There is little or no evidence of an attempt to meet the assessment criterion. The candidate might speak but does not appear to understand or respond to anything the examiner says at the relevant level.

Note: 'Examiner' also refers to participants in the group discussion.

Learning Outcome 3 – Convey information

Learning Outcome 4 – Engage in discussion with others

Mark	Descriptor

3	The candidate communicates reasonably well at the appropriate level. They may need occasional support from the examiner to meet the assessment criterion but they do not show real signs of difficulty in getting their message across.
2	The candidate demonstrates their ability to meet the relevant criterion at a minimum level. They achieve the communicative aim by getting the most important aspects of their message across at the appropriate level with support from the examiner.
1	There is evidence of an attempt to meet the assessment criterion using language of the level, but this is not successful, even with support from the examiner. Attempts to meet the criterion may be incomplete or inappropriate for the level.
0	There is little or no evidence of an attempt to meet the assessment criterion. The candidate says almost nothing at the relevant level.

The papers are sent out by Trinity's UK office and centres administer the test under secure test conditions, according to the guidelines issued by Trinity, and using one or more invigilators to monitor the session. Reading papers can be taken in the same exam session as writing papers.

Assessment

The test is externally assessed. Test papers are returned to Trinity and are marked at Trinity's UK office. Each item is awarded one mark. Therefore, the maximum possible number of marks is 27. The pass mark is 18.

The papers are sent out by Trinity's UK office and centres administer the test under secure test conditions, according to guidelines issued by Trinity, and using one or more invigilators to monitor the session. Writing papers can be taken in the same session as reading papers.

Assessment

The test is externally assessed. Test papers are returned to Trinity and are marked at Trinity's UK office. Examiners use the assessment criteria amplification on pages 22-24 in combination with the generic performance descriptors on pages 25-26 to make their assessments.

The amplification specifies what is required to achieve at that level, and the marker measures the performance of the candidate against the descriptors. For example, the amplification for assessment criterion 2.4 – *Use grammar correctly*, together with the list of key language items in appendix 1, states the level of grammar required to achieve the assessment criterion. The marker applies the generic descriptors such as '*a wide range*', '*several consistent features*' or '*one or two examples*', awarding the mark appropriate to the performance.

The maximum possible number of marks is 56, and the pass mark is 37.

	<p>Make notes as part of the planning process</p> <ul style="list-style-type: none"> Know there are different ways of making notes, and understand key features of note-making, eg noting key words and phrases, using abbreviations or symbols; numbering; listing; using graphics to help plan 	Wt/E3.1b

*Please note that even where a written plan is not appropriate, candidates are still assessed here on their ability to judge what and how much to include, use different formats and identify the appropriate register, as outlined in the detail of this section.

Assessment criteria	Amplification	AECC ref
2.3 Sequence text chronologically	<p>Show sequence through the use of discourse markers and conjunctions</p> <ul style="list-style-type: none"> ▶ Write narrative texts with a clear indication of sequence of events ▶ Understand the use of: <ul style="list-style-type: none"> - discourse markers that show sequence, eg use of time words to join sentences and paragraphs, or to describe time periods - conjunctions such as <i>before, when, after, while</i> - connectives such as <i>then, and then, next, finally</i> <p>and apply this in learners' own writing</p>	Wt/E3.3a

Notes

- Assessment criterion 1.1 – *Plan text for the intended audience*. This criterion is assessed only once for the whole test, in order to ascertain a candidate's ability to judge which text types are appropriate to plan for. A box is provided on the first page and candidates should use this space to plan the appropriate task(s).
- Learning outcome 2 – *Be able to produce text for a given audience*. Please refer to appendix 2 for the list of communicative functions and language range expected at this level.
- Proofread and correct writing for grammar and spelling*. This is a National Literacy Standard and is implicit within all of the assessment criteria in learning outcome 2. Candidates should check their work thoroughly and amend accordingly to ensure it meets each of these criteria.
- Produce legible text*. This is a National Literacy Standard and is expected to be met. However, if the candidate's text is illegible, the script cannot be assessed at all so this is considered to be met if the script is marked.
- Ww/E3.1b – *Apply knowledge of strategies to aid with spelling*. Learners are advised to use these strategies to aid them in demonstrating the ability to meet assessment criterion 2.6.

Generic performance descriptors

These descriptors are used by the examiner to decide on which mark to award for each assessment criterion. Please note that these performance descriptors are generic to all levels of assessment. Candidates are expected to use a range of language examples as relevant to the task, so not all of the points in the assessment criteria amplification or key language items will be expected in each task.

Learning outcome 1 – Plan text

Mark	Descriptor
4	The candidate has made fairly detailed and highly relevant plans for one, two or three tasks depending on appropriacy to question tasks set (not the informal message, email or letter).
2	There is at least some evidence of a plan relating to one or more tasks. If only one task has been planned, it is not the informal message, email or letter.
0	There is little or no evidence of an attempt to meet the assessment criterion. Either no plan has been made at all or just a few words have been noted which bear little or no relation to any of the actual tasks. Candidates who plan ONLY the informal message, email or letter are awarded 0 as they have not demonstrated the ability to decide when it is appropriate to make a plan.

This criterion is assessed only once per test paper, in the planning section.
Plans must be written in English for the purpose of the assessment.

Learning outcome 2 – Produce text

Mark	Descriptor
4	A wide range of the features of the amplification can be identified at the level with consistency and comprehensive control.
3	Several appropriate features of the amplification can be identified at the level. These are fairly consistent.
2	One or two appropriate examples of the amplification can be identified at the level. These are not consistent but the candidate demonstrates their ability to meet the relevant criterion, albeit minimally.
1	There is evidence of an attempt to meet the assessment criterion using language of the level, but this is not successful. Attempts to meet the criterion may be incomplete or inappropriate.
0	There is little or no evidence of an attempt to meet the assessment criterion. The candidate writes almost nothing at the relevant level.

Writing Award

Generic performance descriptors

Learning outcome 3 – Complete a form

Mark	Descriptor
4	All or almost all of the form is completed with a high level of appropriacy. All communicative aims of the form are achieved.
3	Around two-thirds of the form is completed appropriately. Answers may occasionally be incomplete or inappropriate but the form achieves its main communicative aims.
2	At least half of the form is completed appropriately, with enough information provided to enable the form to achieve its primary communicative aim*.
1	The communicative purpose is not fulfilled because key information is missing or inappropriately completed. Fields may be incomplete or inappropriately answered.
0	There is little or no evidence of an attempt to meet the assessment criterion. The candidate writes nothing or almost nothing at all.

*The primary communicative aim will vary according to level. For example, at Entry 1 if a name, house number and postcode are present the applicant could still be contacted. However, if half of the form is completed accurately but vital information such as name and main contact details are missing the primary communicative aim is not achieved, so a 1 is awarded.
